

From Our Past President.....

Thank you AGAIN to everyone who helped out this year as I was president.

We are so fortunate to have so many great members that step up and make sure things get done. Also, we have a great membership that initiates NEW programs and activities.

Thanks Lynn

Service is Key

Mohandas Gandhi once said, "The best way to find yourself is to lose yourself in the service of others". Service is a great way to get involved, help others, and help yourself as well. One of the best parts of Key Club is serving others.

On Saturday, August 27th, the Indiana Diesel Basketball players, members of the Meridian Kiwanis Club, Natalie Burgos (President of the East Key Club), and I helped out with the Race for Safety (Bike Safety Program) at Mill Race Park. This program helps kids raise awareness about safety. Each kid was given a free helmet. They also had a chance to ride a bike on a track created by the Kiwanians, and they registered for a chance to win a free bike. The kids enjoyed it as well as the people volunteering!

I encourage all of you to get involved and make a difference in your community. If your club needs ideas of service projects, let me know. I would be glad to give you examples!

Also, if your club has a service project or event you want others to know about, I can put it in my next newsletter!
